This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

THE following Tables were sent to the Press principally with a view of facilitating the making up and examining of Paymasters Accounts, by relieving those Officers from the painful drudgery of going through tedious Calculations; an object peculiarly desireable with an Army in motion, and at periods when their time is generally occupied with other Duties.

To Captains and Officers paying Companies for the same reasons the Book will prove useful.

In the Office of the Pay-Master General similar Tables have for many Years past been found indispensibly necessary, and certainly are equally so in the Office of the Commissary General of Accounts.

Statements of the allowances received by Officers from the Deparments of the Commissary General, and Quarter-Master General, were added at the request of several of the Subscribers to the Work.

Copy of a Circular Letter from the Right Honorable The Secretary at War to Colonels of Marching Regimens of Foot.

WAR-OFFICE,

JULY 15. 1806.

SIR,

THE King having had under His Royal Consideration the Situation of the Army in respect of Pay, with the view of improving the same so far as may be consistent with a due regard to Public Economy, in the present Circumstances of the Country; I have the Honor to acquaint you, His Majesty is graciously pleased to Order, that the Pay and Daily Allowance of certain Classes of Commissioned Officers, Non-Commissioned Officers, and Privates, of His Marching Regiments of Foot, shall be augmented to the Rates specified in the enclosed State; and that the Augmentation shall have effect from the 25th of last Month inclusive.

It is essential to explain that this Increase of Pay and Allowance is granted under the same restrictions as the Allowance of One Shilling a Day added to the Pay of Subalterns in 1797: and consequently that the difference between the former and increased rates is not in any case to be received by an Officer holding more than one Military Commission or Appointment, nor to give a Claim to any higher Rate of Half-Pay on Reduction.

Further Instructions, in regard to the Mode of issuing the Increase of Pay and Allowance, will be transmitted to you with as little delay as possible.

His

His Majesty has at the same time been pleased to signify His Intention of making more competent Provision for the Widows of certain Ranks of Officers of the Land Forces, by augmenting their Pensions to the Rates specified in a Paper herewith transmitted; and of extending the said Pensions to the Widows of Officers reduced, or placed on Half-Pay in consequence of being incapable of further Service: and it is also His Royal Intention to increase the Out-Pension of Chelsea Hospital.

I have great Pleasure in being the Channel of communicating to you these Instances of His Majesty's gracious Consideration for the Army; and I request that you will use the earliest Means of making the same known to the Officers and Men of the Regiment under your Command.

I have the Honor to be,

SIR,

Your most obedient

humble Servant;

(Signed) R. FITZPATRICK.

WAR-OFFICE, 29th *JULY*, 1806

SIR,

REFERRING to my Letter (Circular) of the 15th Instant, I have the honor to acquaint you with the following particulars for your guidance in adjusting the claims of the Officers and Men of your Corps to the additional allowances depending upon length of Service.

To entitle a Lieutenant to the additional allowance of one Shilling a Day, he must have been Seven Years commissioned as Lieutenant in the Regular Army. Should he have been on Half-Pay for part of the said period, either in consequence of Reduction, or of Exchange *without taking the difference*, his claim to the Allowance is not to be affected thereby. But if he went on Half-Pay *taking the difference*, his standing as Lieutenant is to be considered as only commencing from the date of his re-entering the Service.

In regard to the additional allowances to Corporals and Privates, after seven and fourteen Years Service respectively, it is to be understood, that previous Service in any Corps of Regulars, or in any Fencible Corps liable to serve out of Great Britain, Ireland, and the Islands in the Channel, is to be taken into account in estimating the claims of the Men to the said additional allowances. It is also to be understood that Men discharged at the late Peace, or at any other period, and who have since entered into the Army, are entitled to claim the benefit of their antecedent Service in Corps of the above description.

But

But Service in the Militia, or in any Corps of Fencibles not liable to serve out of Great Britain, Ireland, and the Islands in the Channel, is not to be considered as making any part of the Service entitling the men to the said additional allowances.

Former Desertion is not to affect a Man's claim to the allowances in question: But Desertion occurring subsequently to the 25th ultimo will deprive a Soldier of all title to the said allowances arising from antecedent Service.

In the case of Men formerly discharged and recommended to Chelsea, and who have since entered into the Army, the time during which such Men were on the Chelsea Pension is to be taken into account in estimating their Claim to the additional allowances; two years thereof being reckoned as one of actual Service; and the same in proportion for any longer or shorter period.

The additional allowances may be immediately issued, and for the intermediate Period from the 25th June last to the termination of the last Monthly Estimate transmitted from your Corps, are to be stated distinctly in a Supplementary Estimate, agreeably to a Form of which a Copy is enclosed. These Allowances to the Period to which the Accompts shall have already made out, on the Receipt of this Letter, are to be charged in a Supplementary Abstract, and Supplementary Pay-Lists respectively: the subsequent Payments thereof are to be stated with the Pay.

The

The necessary Forms of Supplementary General Abstract and Pay-Lists, as also of Monthly General Abstracts and of Quarterly Pay-Lists, altered so as to provide for the insertion of the additional Charges, will be forwarded to each Regiment as soon as printed.

Should any case occur in which the claim to the above allowances cannot be exactly ascertained, Payment thereof is to be suspended until the necessary information, or a special authority from this Office, in consequence of a representation through you, shall have been obtained.

I take this opportunity of apprizing you, that it being intended to keep in the War-Office an exact register of the periods of Service of the Men of each Regiment, and of the casualties among the same, some further directions will be given on the subject as soon as the necessary forms are printed.

I have the honor to be,

SIR,

Your most obedient;

humble servant;

(Signed) R. FITZPATRICK.
